

Application form for the participation in NEXT STEP PU

Please use this application form to contact us, preferably by e-mail to verwertung@puren.com or by fax: **+49 7551 8099-156**

Company data

Company name _____

Postal address _____

Contact person _____

Phone number _____

E-mail address _____

Country _____

- Producer of polyurethane processing company distributor
 Disposal company other _____

What amount of material is to be expected each year? _____ tons

Data to the material

Does your product comply with all stipulated limits of the chemicals regulation «REACH»?

- Yes No

Which propellants are used in the production of the material?

Name of the propellant _____

In what form is the material provided upon delivery?

- compressed/briquettes flour/milling dust panels/offcuts
 recycling material dismantling

How is the material collected/transported?

- container octabox big-bags
 palletized PE-bag

Which cover layers does the material contain?

- None aluminium fleece
 paper other _____

Does the material contain foreign matter?

- No Yes (check all that apply)
 adhesive metal wood polystyrene
 bitumen waste other _____

What percentage of foreign matter does the material contain? _____ %

Which fire class is the material classified as?

- Hardly inflammable B / Class. C (Germany B1)
Normally inflammable D / E (Germany B2)
Readily inflammable F (Germany B3)
Is the material coloured? No Yes _____

Which average bulk density does the delivered material have originally?

- < 80 kg/m³ > 80 kg/m³

Thank you for your application. We will check it as quickly as possible.
